## Newsletter

23rd April 2021

**Mrs Charnley's Message:** What a difference it makes to have the sun shining. There is a real buzz around school as the children continue on their learning journeys. Thank you to those who joined the staff as they shared with you the learning for this summer term. It was so lovely to 'see' so many of you attending and hearing about the wonderful learning planned. All the information about the topics the children will be covering you can find on your child's class page on the school website. We really hope you found the meetings useful and please contact the office if you have any questions unanswered which we will then pass on.

How lovely to see the government really want to know from children how they feel about being in school during the pandemic. Dame Rachel d Souza, the children's commissioner, is asking all children to complete a short questionnaire so they can hear the view of children and put a plan together. Please see the link on the next page and encourage your child to take part then they can get it right.

I hope you can join the PTFA at the quiz this evening. Fr Andrew is the 'Quiz Master' and I know from last time that despite being on Zoom we really did have fun. The money raised really does make a difference to our school. Just this week we have had new blinds fitted in the hall which we could not do without

the help of the PTFA and the money they raise.

It looks like the weather is here to stay over the weekend so I hope you enjoy getting out in the sun. Have a lovely weekend

Mrs Charnley and the Staff of Saint Clare's.

### **Get your child's voice heard and make a difference**

The Children's Commissioner for England, Dame Rachel de Souza, is launching a once-in-a-generation review of children's lives.

It's called 'The Childhood Commission' and it will identify the barriers preventing children reaching their full potential and propose policy solutions to address them.

At its heart is 'The Big Ask' – the largest ever consultation held with children.

In this survey the Children's Commissioner is asking children and young people what they think is important for their future and what is holding young people back. The Children's Commissioner will use what children and young people tell her to show the Government what they think and what they need to live happier lives.

It's an exciting opportunity to help us think big and it's a chance for every child in England to have their voice heard.

You can attach a photo of the finished dish, its preparation, its presentation or everyone pitching in to help eat it!
